TRA 4/5. 6 The Munpty has ~~[illegible]~~ floated locally a loan of 1 lakh of rupees for the water-Supply of Chitaldroog Town. Out of the amount collected a sum of Rs 70,000 is stated to be held in deposit in the Mysore Bank. The Dy Commr proposes to invest this amount in the War Loan Bonds 1920 after ~~the~~ it is realized from the Bank on the understanding that in case money is needed by the Munpty before 1920, Govt. will advance the same at a rate of interest not exceeding the war loan interest. The Munpty loan file does not give any information on the subject. If necessary Br IV may be asked for the file.

10 The question of taking up at once or postponing for a time the water-supply project, for similar reasons, is now before Council.

A

B.S. 7/5 11 The procedure suggested by the Deputy Commissioner of Chitaldrug is of doubtful legality. The consent of the subscribers & the 5th Bd loan has not been obtained for diverting their investments & a diff. kind of investment. Besides the condition proposed by the Dr Commr, ~~would simply mean that~~ viz, that money should be made available by Govt. as soon as it is possible to undertake the projects — would simply mean that it is in the Govt.

and adds that want of facilities to receive the subscriptions in the Taluk Treasuries has often been reported by the Amildars to act as detriment to the people living in Taluks who though willing to subscribe, find it difficult & cannot be easily persuaded to go to the District Treasury with money as often as they have to make payments. and that the amounts promised may not be paid in full unless money is arranged to be received in the Taluks at least unofficially.

33 The amount subscribed in the Tumkur Dt has been noted in the table given in the previous page. What amount has actually been collected has not been reported.

34 As for accepting subscriptions in the Taluk Treasuries, the Comptroller was consulted & the Dy Comr informed that applications can be received only in Dt Headquarter Treasuries & that there was no reason for going beyond the arrangement in Govt of India in this respect.

69 Memorandum explaining the action taken in the Mysore State in the matter of popularising the Indian War Loan Scheme.

1. The first step taken on receipt of Government of India Notification of March 1, 1917 was to -- republish in the local Gazette in an extra-ordinary issue, the Government of India Notification both in English and Kanarese with the further announcement that applications for investment would be received in the Mysore State District Treasuries and that interest on such securities and bonds would also be paid there, calculated from the date of payment of money to these Treasuries.

2. Confidential instructions were issued to the Deputy Commissioners to get the War Loan Notifications pasted on the notice boards of the district and Taluk Offices and also to convene meetings and explain to the people the attractive features of investment in the new loan and the desirability of ~~their~~ participating in the same . They were also asked to send up weekly reports to Government about the action taken in the matter of popularising the loan and the Comptroller was also desired to send up to Government for information daily returns -- showing the subscriptions promised and collected.

over by the Deputy Commissioners and at Bangalore, the meeting convened by the public was presided over by the Dewan of Mysore.

4. In most of these places, committees of leading citizens and merchants were also formed for popularising the loan and inviting applications.

5. In Bangalore, the Bank of Mysore played an important part in popularising investment in the loan and ~~following the lead of~~ like the Presidency Banks offered facilities for investment by advancing funds at reasonable rate of interest to its constituents on the instalment plan.

6. To enable investment in out of the way places by investors of moderate means, permission was also accorded for receiving subscriptions at the Darbar' Taluk Treasuries.

7. A scheme was also sanctioned by the Mysore Government providing facilities to their employees to make investments in the Indian War Loan by allowing monthly deductions out of their pay.

8. As in the Madras Presidency the arrangement of getting the Post Office 5-year cash certificates sold through the Revenue Officers with a view to afford facilities to intending investors, in rural localities has been recently adopted in Mysore.

My dear Mr. (355-362)

Your attention is invited to my demi-official letter No. El.5997-6004 dated the 2nd April 1917 regarding the ~~helping of the~~ Indian War Loan movement within the Mysore State. May I enquire what action has been taken by you in the matter ? It is felt that the response so far from centres within the State except Bangalore city cannot be regarded as satisfactory. Government have asked me to submit to them weekly reports containing ~~districtwar~~ particulars of amounts subscribed in each District. This is a very unique occasion and I am to express the hope that subscriptions from your district will soon amount to ..... lakhs. I shall be obliged if every Saturday you will kindly send me demi-officially for the information of Government a progress report in the matter.

Yours sincerely,

Dear Sir,

In reply to your D.O. No. 359 dated the 26th instant I am to state that at a meeting held on the 17 th instant the object of the War Loan was explained to the public, it being left to the non-official gentlemen to canvas loan offers. It is learnt that some gentlemen have alrady taken out loan bonds though officially no action is taken in the matter.

As the planters are badly hit owing to the war condition, I am not sanguine of large offers from this District.

Yours sincerely,

CONFIDENTIAL.

CHITALDRUG.

30th April 1917.

Dear Mr. Chakravarti,

I am in receipt of your letter No. 357 dated 28th April 1917 re the Indian War Loan. The Civil Court being closed just now, most of the non-official leaders, who are members of the bar, are not in town and this is not a convenient time to hold a public meeting.

A public meeting will be held about the middle of May, as soon as the Civil Court reopens. I am afraid this District is not likely to contribute very much to the War Loan.

As you are aware there is a District Fund Railway loan under floatation and a municipal loan has recently been raised; also on account of Railway difficulties a good deal of produce has been held up and I do not know if very much of ready cash is available with the people for investment.

I have one suggestion to make for your

consideration. The District Board is raising a loan of 9 lakhs for the District Board Railway of which 2½ lakhs have been subscribed for and an initial deposit of Rs 60,000 made on that account. This amount is lying idle with Government. If there is no objection, this may be invested in the War Loan repayable in 1920. A sum of Rs 70,000 raised on behalf of the Water Supply loan is in fixed deposit with the Mysore Bank. This may also be put into the War Loan as soon as the deposit matures. Of course in both these cases, some arrangement will have to be made if money is wanted before 1920 for expenditure on the works. In such a contingency, if Government can advance this amount on the security of these bonds and at a rate of interest not exceeding the War Loan interest, these sums may conveniently be invested in the loan. This will give to this District credit for nearly a lakh and a quarter.

I shall be glad to know how far this suggestion is acceptable.

Yours sincerely,

C S Balasundaramayya

Dear Sir,

In pursuance of the instructions conveyed in your confidential and D.O. communications organised efforts will be ~~move~~ made to popularise the War-loan in all parts of the -- District.

The rich and the poor alike will, I trust, participate in making the war-loan movement a success.

I convened a meeting of the people in Chikmagalur yesterday. A sum of Rs.16,000/- was subscribed on the spot. Committees have been formed at other centres.

I am also expecting a ready response from the European Planters' community.

Owing to fall in prices of coffee and areca this year the prospects are not so bright. Otherwise I would hav promised a very larger sum exceeding your very modest call from this District.

Yours sincerely,

To

Kolar,
The 10th May 1917.

Dear Sir,

In acknowledging receipt of your D.O. letter No.361 dated 28th April 1917, in connection with the Indian War Loan and enquiring as to what action has been taken in the matter in this District, I write to say that as you are probably aware an open-air meeting of the citizens of Kolar was held in the District office grounds on the 16th April 1917 at which I presided. The gathering was fairly -- representative as opportunity was taken of the presence of all Dasara Representative Assembly members and Amildars of the District who had been here in connection with the preliminary meeting for the discussion of subjects to be sent up to Government in connection with the second session of the Dasara Assembly. The objects of the War Loan and the various terms and facilities offered by the Government of India for investors were fully explained to those assembled in all vernacular languages and the Amildars were also -- subsequently told to convene similar meetings in the Taluk Head Quarters for the purpose of popularising the loan -- amongst all classes of people in the Taluks. Every one present promised to contribute his mite and I am given to understand people are investing their money in the Post office under the 5 year Cash Certificate System as this

particular form of investment seems to appeal to their -- imagination more than the other two classes of the War Loan.

2. At present, I am not in a position to say how much has been subscribed in the District, possibly about Rs.1,000/- in the local Post office. The local Postal masters are not permitted to give any information as to the amounts subscribed for the War Loan in the absence of specific authorization from their superior officers. In these circumstances, we shall not be able to know what -- amount has been actually subscribed unless the Postal -- Department is addressed in the matter of authorising the Post Masters in the moffussil to furnish the required -- information every week on a requisition form from the Amildars if that can be done.

3. I am, however, impressing on all my officers the necessity of clearly explaining to the public the advantages and the very favourable terms of the different classes of loan now opened to them and send you enclosed copy of a letter addressed to them in the matter.

4. I shall keep you informed from time to time as to the progress made in the matter as far as possible.

Yours sincerely,

CONFIDENTIAL AND URGENT

ENCLOSURE.

INDIAN WAR LOAN.

Please see this office No. D.Dis. 1284 dated 9th April 1917, on the above subject and let me know what action you have taken in the matter. I daresay there are many people who would be very willing to invest their money in any form of the loan especially in the Post office 5 year Cash Certificate System, provided the advantages and facilities offered by the Government of India are only explained to them. It is hoped therefore that you will enlist the co-operation of all concerned to make the loan a success in the District, as it is the desire of Government that every one should participate in the movement according to his means. The Post Office Savings Bank System is so well known to the people in every nook and corner that if the Cash Certificate System which is nearly 1½ times more profitable than the former is clearly made known, even persons of slender means would be forthcoming to take advantage of the opportunity offered.

2. As it is the intention of Government to know what progress is made every week in the amounts subscribed, please arrange to send me confidentially every week ending Firday how many applications have been made and what amount has been -- subscribed in your Taluk in each of the three classes of loan open to the public. I hope you will not allow your Taluk to lag behind in the War Loan Race for which there is so much competition elsewhere.

3. Early action is called for as the time within which

applications for War Loan 1929-47, War Bonds 1920 and 1922 may be presented expire on the 15th June 1917.

Dear Sir,

With reference to your D.O. No.355-362 dated 26th April 1917 regarding subscriptions to the Indian War loan, I beg to state that a meeting was held in the Town Hall on the 7th instant when a sum of Rs.3,27,000 was subscribed. This includes Rs.1,00,000 from the First Maharajakumari and Rs.50,000 from the Third Maharajakumari. As the figure mentioned in your letter has been exceeded I request to be informed whether I should take any further steps in the matter. If desired there will be no difficulty in bringing the figure up to four lakhs or more.

URGENT.

Office of the Deputy Commissioner,
Tumkur District,
Dated Tumkur, 18th May 1917.

Dear Sir,

With reference to your D.O. No. 358 dated 28th April 1917, calling for information as to the action taken in this District in the matter of the Indian War Loan Movement, I have to state as follows:-

On receipt of the first communication on the subject, a meeting of the townspeople of Tumkur was convened at the A.V. School on the 9th April 1917. The object of the Loan, the advantages of investment and the necessity for co-operation on the part of the public in the successful prosecution of the Great War for Human Freedom were fully explained to the assembled gentlemen. They readily subscribed a sum of Rs.11,600. A committee was formed both for the Town and the Taluk for inviting applications for the War Loan.

Instructions were issued to all the Amildars and Deputy Amildars in the District to take similar action to popularize the Loan in their respective Taluks and Sub Taluks and efforts are being made to secure as large an amount of the loan as possible.

It will be seen from the enclosed list that promises to the extent of Rs.47,250/- have been made up to now in the District. Further amounts are expected to be subscribed for in due course.

In this connection, I wish to urge again for consideration the desirability of Taluk Treasuries being authorized to receive subscriptions as proposed in my letter No. Mis. C. 1421/16-17 dated 19th April 1917, as the want of such facility is often reported by the Amildars to act as a detriment to the people living in Taluks who though willing to subscribe towards the Loan find it difficult and cannot be easily pursuaded to go to the District Treasury with their money as often as they have to make payments.

P.T.O.

I am not sure whether the promised amounts will be paid up in full unless the amounts are received in the Taluks at least unofficially and the applications sent from the Taluks.

Yours sincerely,

K. Chandy

Dear sir,

In continuation of my D. O. of the 4th instant I have to intimate that instalments towards 159 shares have been paid to the District Treasury.

Also Post Office Certificates to the value of Rs 580 have been purchased at the Chitaldrug Post Office. The above sums up the progress up to the 10th June 1917.

Yours sincerely,

For Deputy Commissioner,
Chitaldrug District.

No.388(Copy of Confidential D.O.addressed to the Deputy Commissioners all)

My dear

According to the present arrangement, the statement of receipts in the treasuries in Mysore towards the subscription to the Indian War Loan is recieved everyday; but, these statements do not contain any indication of the amounts which are subscribed by the Mysore public through Post Offices and through Banks. I shall be obliged if you will collect information on this point and furnish a statement of the amohnt actually subscribed by persons residing in your distrct, through channels other than Government treasuries. This amount together with the Treasury figure will represent the total contribution of your district towards the India War Loan.

You are aware that all Provinces and States in India are vieing with each other in a spirit of healthy and laudable rivalry in the matter of subscribing to the Indian War Loan. Every provine in the State will publish the figure of its contribution. Mysore will also have to do so. It is therefore exceedingly desirable all contributions to the War Loan, through whatever channel made, by persons residing in your disctrict should be known and included in the total Mysore figure.

Considering the importance of the subject and for the prestige of the Mysore State, I hope you will kindly give some personal attention to the matter so that full information may be available. The favour of a very early reply is requested.

Yours sincerely,
Sd. J. S. Chakravarti,

My dear Sir,

In reply to your D.O. letter No.388 of the 11th Instant, regarding the Subscriptions to the Indian War Loan, I write to say that as I pointed out in para 2 of my letter of the 10th Ultimo, it is somewhat difficult to obtain information from the Local Post Offices as to the exact -- amounts subscribed by the public, but however, as far as I am able to gather, a sum of Rs.33,293-0-0 has, up till now, been subscribed in this District, as per details -- noted in the margin.

I have nevertheless asked all my Amildars to bestow their personal attention to this most important matter, and send me Weekly Reports of progress made in subscribing to the Loan through the Post -- Offices in their respective Taluks.

DEWAN OF MYSORE

Bangalore,

18th June 1917.

In the official statement of subscriptions to the War Loan by the various Provinces and States published by the Government of India, the subscription of the Mysore State was placed at 52.02 lakhs on the 15th June 1917 (vide Madras Mail of that date). As you are aware the State contribution of His Highness the Maharaja (face value in 5% loan of 33 1/3 lakhs) is 35.08 lakhs. Other subscriptions in the Mysore State are thus placed at 16.94 lakhs only. But the Bangalore subscriptions alone amounted to 38.47 lakhs on the 15th June as detailed below: (vide Bangalore Daily Post dated 16th June 1917) -

Through the Bank of Madras Bangalore	- 36.59 lakhs.	B

~~1,13,000~~

will be recovered through the treasuries in due course amount to Rs 85,800 but this sum is not included in the previous figure because it has been arranged to get the papers through the Bank ~~of Mysore~~ and the figure is therefore included in the 36.59 lakhs shown above as subscription through the Bank of Madras Bangalore

The Durbar understand that the greater part of the subscriptions paid into the Bank of Madras, Bangalore, is from

people in the Mysore State (including members of the Royal family) and even the part contributed by the Civil and Military Station people may, without impropriety, be included in the Mysore State figure. The correct figure for Mysore (including the Civil and Military Station of Bangalore) on the 15th June 1917 will therefore be ~~74.68~~ 73.82 lakhs. This does not include what the Mysore people have contributed through the Post Office at places other than Bangalore and of which we have not got complete information. ~~The Durbar will be obliged if you will kindly have the figures relating to Mysore corrected as stated above by moving the Government of India, by telegram if necessary~~. It is very desirable that when the final list of contributions to the loan by various Provinces and States is prepared, the actual contribution of the Mysore State should be correctly shewn. The Durbar will be grateful for your help in getting correct figures published with regard to Mysore.

BANGALORE.

29th June 1917.

My dear Sir,

With reference to your letter dated the 18th June 1917, regarding ~~to~~ the contribution to the War Loan from the Mysore State, I am desired to forward, for your information and for favour of scrutiny and check, a statement prepared in the Residency Office showing - so far as we have been able to calculate it - the total amount contributed by the whole State up to the 15th instant.

2. Assuming these figures to be approximately correct Mr. Cobb considers that they are most gratifying and that Mysore can well be proud of the part she has played in the movement.

3. On hearing from you in reply the figures, as finally determined upon, will be submitted to the Government of India who will be requested, if they see no objection, to publish the total as the Mysore State contribution.

4. I am to add that the figures now supplied, which differentia between the contribution made by the City and by the Civil and Military Station of Bangalore respectively, have been supplied by Mr. Hart, the Honorary Secretary of the Local Committee which has been working in the Civil and Military Station for the pormotion of the War Loan. As the individual totals are of academic interes only perhaps it is unnecessary to subject them to further scrutiny the only point of immediate interest being the correctness of the grand total, and the need for assuring ourselves that no serious ommission exists and that there has been no over-lapping.

Yours sincerely

To The 1st Asst to the Hon'ble The Resident.

My dear Sir

With reference to your D.O.letter No.4992 dated the 29th June 1917 forwarding for verification a statement of the contribution to the War Loan from the -- Mysore State including the C & M Station up to the 15th June 1917, I ~~beg to~~ send herewith a memo furnished by the Mysore Government Comptroller, giving details of the amounts subscribed by the Mysore State (excluding Civil and Military Station) -- through the several agencies viz., the - Madras Bank, the Mysore Bank, the Mysore Government treasuries and the Post Offices ~~in~~ in the Bangalore City and the Mofussil.

Bangalore City	12,75,510
Mofussil	4,50,462
Durbar	35,08,400
Mysore Treasuries	27,200
	52,61,572

2. It will be seen from this that the ~~The~~ total amount subscribed up to the 15th June 1917 is 57,03,012 including the amount of 54,100 applied for through the Mysore treasuries against 52,61,572 given in the statement accompanying the D.O. under reply.

12,70,800
3,69,700
16,40,500

3. Out of the total amount of 20,55,040 subscribed by the people of the State through the two banks, viz., the Bank of Mysore and the Bank of Madras, Bangalore, by the Bangalore City and Mofussil, only 16,40,500 has been entered in the Residency statement and it seems that the difference is mainly due to the amount of 4,13,300 subscribed by the people in the Mofussil and from the Personal Estate Account through the Madras Bank, Bangalore, having been perhaps included in the entry of 20,18,900 against the Civil and Military Station.

4.

4. As you observe that it is unnecessary to subject the individual totals as regards the amount of subscription by the Bangalore cts, cdm station, and or by the Mysore State (unofficial) given in the Residency statement to further scrutiny, the grand total may be taken as 74,91,362 including the sum of 54,100 subscribed through the Mysore Treasuries.

~~5. One point however seems to require further verification. And that is whether the sum of 31,540 subscribed by the Bangalore City through the Madras Bank, Bangalore has been included in the Residency statement both under C & M Station and City in the figures 20,18,900 and 12,70,800. As there is no information available here for such verification, I beg that this doubt may be kindly cleared before the total figure is submitted to the Government of India for publication.~~

And if so it has the omitted in the grand total -

Yours sincerely

over by the Deputy Commissioners and at Bangalore & the meeting convened by the public was presided over by the Dewan of Mysore. & Sridar M. Lakshmi Kanthaiya respectively

4. In most of these places, committees of leading citizens and merchants were also formed for popularising the loan and inviting applications.

5. In Bangalore, the Bank of Mysore played an important part in popularising investment in the loan and like the Presidency Banks offered facilities for investment by advancing funds at a reasonable rate of interest to its constituents the advances being repayable in easy instalments. ~~on the plan.~~

6. To enable investment in out of the way places by investors of moderate means, permission was also accorded for receiving subscriptions at the Darbar's Taluk Treasuries.

7. A scheme was also sanctioned by the Mysore Government providing facilities to their employees to make investments in the Indian War Loan the amounts being deducted in small monthly instalments ~~by allowing monthly deductions~~ out of their pay.

8. As in the Madras Presidency the arrangement of getting the Post Office 5-year cash certificates sold through the Revenue Officers with a view to afford facilities to intending investors, in rural localities, has been ~~recently~~ adopted in Mysore.

9. The Accountant General, Madras has been informed of the names of the subscribers of large amounts in
